

Update to Pro|ENGINEER Wildfire 4.0

Description Pro|ENGINEER Wildfire 4.0 is a significant software release that contains hundreds of enhancements and new functionality and new software modules. This one day course will throw plenty of “fuel” on the Wildfire and re-ignite your Pro|ENGINEER implementation.

Topics The following topics are included in this training manual:

- User Interface Changes
- Sketcher Enhancements
- Part Modeling Enhancements
- Surfacing Enhancements
- Assembly Modeling Enhancements
- Drawing Mode Enhancements
- Miscellaneous Enhancements and other Tips, Tricks & Techniques.

Audience This course is intended for users that are currently working with Pro|ENGINEER Wildfire 3.0.

Format The training material has been developed following the traditional “lecture/exercise” format. Each chapter contains detailed explanations of functionality and Tips, Tricks & Techniques. Multiple hands-on exercises follow each lecture to provide a structured method of reinforcement and retention.

Duration 1 Day

Version Wildfire 4.0
