

## Update to Pro/ENGINEER Wildfire 5.0

**Description** Pro|ENGINEER Wildfire 5.0 is a significant software release that contains hundreds of enhancements and new functionality and new software modules. This one day course will throw plenty of “fuel” on the Wildfire and re-ignite your Pro|ENGINEER implementation.

**Topics** The following topics are included in this training manual:

- User Interface Changes
- Sketcher Enhancements
- Part Modeling Enhancements
- Sheetmetal Enhancements
- Assembly Modeling Enhancements
- Drawing Mode Enhancements
- Pro/WELD Enhancements
- 3-D Drawing Enhancements

**Audience** This course is intended for users that are currently working with Pro/ENGINEER Wildfire 4.0.

**Format** The training material has been developed following the traditional “lecture/exercise” format. Each chapter contains detailed explanations of functionality and multiple hands-on exercises follow each lecture to provide a structured method of reinforcement and retention.

**Duration** 1 Day

**Version** Wildfire 5.0
